

01st E.g.: - TRAVEL PLANNING

- **PLAN** – We first plan for a trip and discuss with family members/friends.
- **PREPARE** – Then we can decide for the budget and destination.
- **PROCESS** – We then shortlist a few travel destinations taking input from other family members based on our budget.
- **ANALYZE** – We then finalize one destination based on weather conditions, feasibility in reaching there, number of days we can spend based on our leaves etc.
- **SHARE** – We share our plan with a tourist guide or travel agent who can help us make reservations and also ask for his suggestions if we have missed anything.
- **ACT** – Finally when the date arrives, we begin our trip.

02nd E.g.: - HOUSE RENOVATION OR INTERIOR DESIGNING

- **PLAN** – We first plan to renovate our house like repair, painting and other miscellaneous works.
- **PREPARE** – Then we decide for a budget and time frame (duration of work) consulting with experienced people.
- **PROCESS** – We then visit different shops to get ideas and quotations for raw materials to be used like quality of paints, brushes, furniture items, washroom fittings etc.
- **ANALYZE** – After getting the quotations, we then finalize the best deal we get based on availability of goods.
- **SHARE** – We then share our plan with the experienced people or interior designers or architects and also look for their suggestions.
- **ACT** – Once everything is finalized between suppliers, contractors, designers then we can finally start with the work.
